Owners vs Members vs Billing managers

Finansowanie

Kod

```
1 let value = 10
2
3 //function that multiplies value
4 function multiply_value(number) {
5   return value*2
6 }
7 export default multiply_value;
```

VS

```
1 const value = 10;
2
3 // Function that multiplies value
4 function multiplyValue(number) {
5   return value * 2;
6 }
7
8 export default multiply_value;
```
